

POSTER INSTRUCTIONS FOR UMAC KYOTO 2019

1. Posters should be in A1 format (594×841 mm; 23.4×33.1 in).
2. You must bring in your poster printed; no printer is available at the conference venue.
3. Poster Session will be held on Sept 3, in Room C-1. Please bring in your poster to the room during lunchtime, 12:00–13:30.
4. Each author is responsible for displaying his/her poster and for removing it immediately after the close of the session, 16:00–16:30. There will be volunteers to help you display and remove your poster. UMAC will not assume responsibility for materials left beyond the time limit.
5. Author's names of posters will be placed on poster boards; please find your name and display your poster (pushpins will be available).
6. All presentations must be confined to the poster itself. Computer display equipment, sound or projection equipment, freestanding or three-dimensional displays, demonstrations/experiments, or tables for handout materials are not available.
7. Design tips:
 - Each poster board measures width: 900 mm, length: 2400 mm. Two posters (from different authors) will be displayed on one poster board. Your poster should be designed vertically.
 - All posters should feature a title, your name, your affiliation, and should credit other contributors, as appropriate.
 - Use a crisp, clean design. All lettering should be legible from about 5 feet (1.5 m) away. Title lettering should be about 5 to 7.5 cm (2" to 3"). Subheading lettering should be 1.25 to 2.5 cm high (1/2" to 1"). Text lettering should be approximately 24 points (625 cm or 1/4").
 - Displayed materials should be self-explanatory, freeing you for discussion.
